[MUSIC PLAYING]

This measurement--

--this sample--

--this shipment--

--this dose--

--every part--

--every detail--

--all of it makes a difference.

But none of it happens--

[TOGETHER] --without us.

[MUSIC PLAYING]

Because it's our expertise that make these tools matter.

Our relationships that put customers first.

Our passion that delivers quality products.

It's our unique ideas--

--our responsiveness to change--

--our willingness to take risks--

--our drive to make things better--

--the hard work--

--the teamwork--

--and the trust--

--that empowers all of us.

So while each and every one of us makes a difference--

--when we learn together--

--lead together--

--and succeed together--

--we can achieve so much more.

We--

We--

We--

We--

We are--

We are--

We are--

We are Amneal.

And together--

--we make healthy possible.
